Webinar on Standardization

Drinking Water Quality

Open for Students, Research Scholars & Faculty Members

On 27-Oct-2025 (Monday), 1600 h - 1700 h

Who should attend?

- Students, Researchers & Faculty Members of Technical & Professional Institutions.

Benefits of attending

- Participants will gain insights into current technologies, industry practices, and standards across engineering and scientific domains. The sessions aim to enhance technical knowledge, support research aligned with existing standards and practical applications.

Note: Certificate of participation will be issued to all participants at the end of the webinar.
